Dear Ian,

I have attached the requested statement as well as my ID for your green card renewal process!

Ian Chavez has been one of my closest friends since childhood. I clearly remember the day that he moved to the United States when he was 16, as well as the day that he met Elin in college. It has been wonderful to see how their relationship has progressed over the years and even getting to be a part of their wedding! I loved getting to be a bridesmaid, and getting to witness such a momentous occasion! Now, it is even more amazing to get to see them as parents!

Let me know if you need anything else!

Warm regards,

Macy Gutierrez
